iOS6 and iPhone 5 Information

Supra · 4001 Fairview Industrial Drive, SE · Salem, OR 97302 · 800-545-9601 · www.supraekey.com

Dear Customer,

Supra has certified that the eKEY application is compatible with the iPhone 5 and iPad Mini. The iPhone 5 and iPad Mini have different ports and require the Apple Lightning Adapter to connect to Supra's eKEY Adapter. Please note that only the Apple Lightning Adapter is certified to work with eKEY and other third party adapters may not work.

For a complete list of devices that are currently certified to work with the eKEY application, please refer to:
http://www.supraekey.com/Documents/current_devices.pdf.

Thank you,
Supra Support Team
